### Carroll-MS 5 - Answers to Logic Questions

#### Introductory notes:

This is another manuscript from the Warner Bequest.

Carroll-mss\_0037-ms5\_A\_r

Galley proof with printed questions and manuscript answers in Dodgson's hand; second section. These examples come from *Symbolic Logic, Part I, Elementary*, Book VIII, Ch. 1, sections 5 and 7 (see pp. 104-110), and the solutions are included (see pp. 128-132). The numbering of the questions and some wording has changed a little; for example, the first question given:

65. No bald person needs a hairbrush;  
No lizards have hair

became:

67. No bald creature needs a hairbrush;  
No lizards have hair.

The solutions are given in words, rather than using Dodgson's method of subscripts shown by the manuscript additions. See also Bartley, pp. 204-216.
